**ROYAL BAKING POWDER**  
Absolutely Pure.

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kind, and cannot be used in competition with the multi-tude of lowest, short weight, alum or phosphate powders. Sold only in cans. ROYAL BAKING POWDER CO., 106 Wall street, New York.

**SIMPLY MARVELOUS!**

SCARCELY eight months ago a medical discovery was placed upon the market bearing the title "THE GREAT SIERRA KIDNEY and LIVER CURE," and whose virtue was claimed to be the cure of kidney and liver complaints. ITS INTRODUCTION WAS THE SIGNAL FOR ONE OF THE GREAT-EST SUCCESSSES ever achieved by a patent medicine on the Pacific Coast, as the afflicted quickly ascertained that it was far more efficacious and beneficial than had been claimed, as THE MOST WONDERFUL CURES WERE ACCOMPLISHED IN SUCH A BRIEF TIME as to seem MIRACULOUS. The testimony of hundreds who have been lifted from sickness and misery to health and happiness bears no uncertain sound, and they join in glowing testimonials of universal praise, hoping thereby to induce other unfortunates to drink of the font which restores that which is priceless, health. ONE TRIAL WILL CONVINCE THE MOST DESPAIRING THAT AT LAST A DISCOVERY HAS BEEN MADE WHICH will restore a disorganized system and bring glowing health out of pale and sallow decline. One dollar per bottle. Six bottles for five dollars. ALL DRUGGISTS sell these valuable goods. Take no other.

OSBURN & SHOEMAKER, Agents.

**Town Property.**

I HAVE VERY DESIRABLE TOWN property for sale, situated in the pleasant part of town.

**Lots 80 Feet Front and 240 Feet Deep.**

WATER WITH THE PROPERTY. Fine Soil, large shade trees.

If you wish to make a home, come and see me.

**B. F. LEETE.**

**UNIVERSITY OF CALIFORNIA.**

MEDICAL DEPARTMENT—THE REGULAR course of lectures will begin MONDAY, JUNE 24, at 10 o'clock, at the College, Jackson street, corner Chesnut, San Francisco. K. A. McLEAN, M. D., Dean (at) Merchant st., cor. Montgomery, S. F.

**DR. PRICE'S CREAM BAKING POWDER**  
MOST PERFECT MADE.

NEW YORK'S GREAT CHEMIST.

This is to certify that I have analyzed Dr. Price's Cream Baking Powder. I find it composed of pure materials, compounded on correct scientific principles. The ingredients are accurately and scientifically proportioned. Hence, bread or biscuits prepared with it are better suited for digestion.

R. OGDON DOREMUS, M. D., LL. D.  
Prof. Chemistry and Toxicology in the New York Bellevue Hospital Medical College, Prof. Chemistry and Physics in the College of the City of New York.

## CONGRESSIONAL.

**Free Traders British Allies**

**OPPOSED TO THE TARIFF BILL.**

**Large Defalcation in a Pennsylvania Water Company.**

**Peter Jackson to Meet Ed. Smith Of Colorado.**

**The "Protective System" Not Popular in England.**

LONDON, May 10.—During the session of the House of Commons to-day, Jessie Collings, Liberal-Unionist, asked whether the Government would take steps to encourage British manufacturers to send exhibits to the World's Fair at Chicago if the McKinley tariff bill should become a law, in view of the fact that the bill practically prohibits the importation of British goods into the United States.

Sir James Ferguson, Parliamentary Secretary of the Foreign Office, says the question of officially participating in the proposed fair could only be determined after a consideration of the advantages to British interests, when the invitation to take part in the exhibition is received from the American Government. It is probable, he said, that the manufacturers of Great Britain would, to a great extent, be deterred from sending exhibits to the fair if the tariff precludes profitable sales in America.

**Glove Contest.**

CHICAGO, May 9.—Next Tuesday night the most important trial of skill with the gloves that has been witnessed in Chicago since the meeting of Charley Mitchell and Jack Burke in Battery D will take place in the same building, when Peter Jackson will box five rounds with Ed. Smith of Denver. It is more than probable that Smith is the best man in a pugilistic sense that Peter has been confronted with since his return from England. He is a big man, a very scientific sparer and a very hard hitter, as "The Marine," Cleary and other good fighters who have tried to stay with him can testify. That he is determined to hold his own with the redoubtable Peter is shown by the fact that he has gone through strict training, and is preparing as carefully as if he expected to engage in a real fight instead of a glove contest for points. Jackson is conditioning himself also, for he is fully aware of the fact that he is to meet a powerful and skillful antagonist who is fully determined to beat him if it be possible.

**Congressional Proceedings.**

WASHINGTON, May 10.—The Senate has passed the army appropriation bill.

The House went into Committee of the Whole on the tariff bill. Lanham of Texas, in a speech, was generally critical of the measure and urged the importance of reciprocity with Mexico. He especially antagonized the feature of the bill which places a duty on silver lead ore, declaring it would destroy the smelting industry of Texas and neighboring States, and would invite retaliatory legislation on the part of Mexico.

**Proved a Failure.**

CHICAGO, May 10.—The attempt to organize the Western States Passenger Association for the restoration of rates has fallen through, owing to the refusal of the Wisconsin Central and other roads to join it.

**A Disabled Steamship**

NEW YORK, May 10.—The American steamship Illinois, which arrived this morning from Antwerp, reports that yesterday she passed the steamer Aller, broken down and proceeding to New York. The Illinois offered to tow the Aller, but the Captain declined assistance. The Aller has 147 cabin passengers and 930 steerage passengers.

The steamer Aller, from Bremen, was sighted off Fire Island this morning, proceeding at her regular speed.

The steamer arrived at quarantine this afternoon, and then it was learned the delay was caused by the breaking of a pin on one of the engines.

**Fatal Explosion**

SCRANTON (Pa.), May 10.—The entire plant of the Consumers' Powder Company near Winton was destroyed this morning by an explosion and fire. The force of the explosion was terrific, and was plainly felt in this city. It started in the graining mill, and in quick succession the graining, mixing and packing departments followed. Three workmen are reported as instantly killed and several others badly injured. All the buildings in the vicinity were partially destroyed, and some families had very narrow escapes from death.

**Captain O'Shea Again.**

LONDON, May 10.—The Irish Master of Rolls has authorized a writ against Captain O'Shea, who sometime ago brought an action for a divorce against his wife and naming Parnell as co-respondent, to enforce the provisions of Mrs. O'Shea's marriage settlement, and compel O'Shea to answer to her certain interests menaced by the bankruptcy proceedings against him.

**Whole Family Poisoned.**

AUGUSTA, Ga., May 10.—The whole sale poisoning of a colored family near Brownwood occurred to-day. George Johnson's wife, in preparing bread for breakfast for her husband and eight children, used, by mistake, strychnine for soda, and the whole family was stricken down. Four of the children have died, and the doctors apprehend the poison consumed will kill the rest of the family, including the mother.

**An Unusual Showing.**

NEW YORK, May 10.—The exports of specie last week amounted to \$12,000—all gold. The imports were \$808,000, of which \$18,000 was gold and \$590,000 was silver. This is the first week in many years of no silver exports, and this exception is undoubtedly due to the anticipation of silver legislation, and the abnormal import of silver is due to the same cause.

**Another Bank Defaulter.**

ALBANY, May 10.—The defalcation in the City National Bank of nearly \$50,000 is traced to George P. Whitney, the individual bookkeeper, who managed it through the overdraft system in collusion with a prominent Albany firm. An effort will be made among Whitney's friends to settle the affair.

**Cited to Appear.**

PHILADELPHIA, May 10.—A writ of quo warranto, citing the officers of the American Life Insurance Company to appear in Court and show cause why its business should not be closed, was served this morning. This put a stop to all its business, pending a hearing.

**Charging the Discipline.**

ST. LOUIS, May 10.—The general conference of the Methodist Church, South, convened again to-day. A memorial to change the discipline so that traveling preachers might be ordained after two years' probation instead of three, as a present, was adopted.

**A Present for Blaine.**

NEW YORK, May 10.—The silver-smiths are at work on a solid silver cut to be presented to Blaine by the Latin American delegates to the Pan-American Congress. It will be presented to him in Washington on the 17th of May.

**A Large Shortage.**

NORRISTOWN (Pa.), May 10.—It is given out that grave irregularities have been discovered in the accounts of the Norristown Water Company. The Directors admit that there is a large shortage in the cash, but will give no figures.

**A Reported Cyclone.**

FREDONIA, Kas., May 10.—It is reported that a cyclone yesterday afternoon killed four people in this county. The wires are all down.

**Death of a Catholic Dignitary.**

NEW YORK, May 10.—Rev. Father Keegan, Vicar-General of Brooklyn, died this morning.

Bar silver, 104.

## A SILVER CORNER.

**Chinese Leper in Philadelphia.**

**JOHN C. FREMONT MADE HAPPY.**

**\$21,000 Due Him for Over Forty Years.**

**Discovery of the Remains of a Murdered Woman.**

**Silver Speculation.**

NEW YORK, May 10.—A special from Washington says the statement is made that during the last two or three days a corner in silver has been consummated in New York. The uncertainty in regard to silver legislation helped the manipulators greatly, and the Government is now compelled to bring silver from England. The amount of silver held by New Yorkers is estimated by some at \$40,000,000 in bullion and certificates, but conservative accounts place the total amount of bullion at \$4,000,000. While these figures would cover the bullion, they may be increased several millions by silver certificates.

It is a fact that the Government has been compelled to buy silver in London, and, to complete the deal, the New York people have been keeping even with the Government in its purchases abroad. They have almost covered the market in London. It is also a fact that silver offered by the Government at the assay office in New York has been at a premium of .203 of a cent.

Leach, Director of the Mint, this morning did not deny the rumors of the corner, but said that no silver had ever been offered the Government at New York; that it had bought bullion in London, and was storing it in the assay office at New York; and that it is also storing what silver it had in the West, and issuing certificates.

**A Great Wrong Finally Righted.**

WASHINGTON, May 10.—When John C. Fremont was a Lieutenant in 1848 in California his accounts with the Government were left in such a shape that he has always been regarded as an official debtor to the Government to the amount of \$19,000, and it has been one of the chief sorrows of Fremont's later years that he was unable to square this balance against him. The other day Fremont called at the office of the Second Comptroller of the Treasury, and said his financial condition was such that if his salary as retiring Major-General was retained to meet this alleged shortage he would be for some time in actual want.

At his request the Comptroller investigated his accounts, and discovered that, instead of Fremont being a debtor, the Government had actually owed him for over forty years \$21,000. The records are perfectly clear, and it was proven beyond dispute that through a mistake in the bookkeeping Lieutenant Fremont had been charged with that amount, for which a voucher was on file.

When Fremont called again to ask whether some arrangements might be made to pay his supposed indebtedness by installments, he was so unprepared for the glad news awaiting him that he fainted. Yesterday a warrant for the amount due him was made out, duly approved and signed.

**Convicted of Murder.**

VANCOUVER BARRACKS, Wash., May 9.—At 9:30 last evening the jury in the Edward Gallagher case, after being out four hours, came into court with a verdict of guilty of murder in the first degree. Judge Caples, counsel for the defense, immediately entered a motion for a new trial. Edward Gallagher is convicted of the killing of Lewis Wars, who was found dead in a field near his residence, six miles west from the Lower Cascades, Skamania county, November 10, 1889. A bullet hole was in Wars' breast, a load of buckshot in his shoulder and several wounds in his head. The house was found broken into and ransacked for \$2,000 which was known to be hidden in it. Edward Gallagher, together with another party who has not been found since the murder, was seen prowling around Wars' premises on the day of the murder. Gallagher, one week before, bought buckshot corresponding with that found in Wars' body. A newspaper wadding was found near the body which corresponded with a part of a newspaper found upon the defendant, which was a copy of the Christian Messenger of July 17, 1877.

**Chinese Leper.**

ST. LOUIS, May 9.—Laundryman Ah Ling, his body a mass of corruption from leprosy, was found huddled in a bunk in a Clark Avenue cellar this morning. He came to this city a month ago, sent, it is believed, by parties in San Francisco. Physicians say there is no doubt it is a case of leprosy of an advanced stage, and he now lies in the leper ward at quarantine, where James Brennan died of the loathsome disease only a few days ago.

**Ghastly Discovery.**

KANSAS CITY, May 10.—Evidence of a ghastly crime was discovered at the Union station this morning. In a pine box two feet long was found the horribly mutilated body of a woman. Most of the flesh had been cut from the bones, and the face was mutilated beyond recognition. The body was packed in charcoal, and to all appearances life could not have been extinct more than twenty-four hours. The box was checked through from St. Louis last night.

**Three Train Men Killed.**

AURORA, Ill., May 10.—A freight train on the Burlington Railroad was derailed last night. The engineer and fireman were killed, and a brakeman is believed to be buried in the wreck.

**Crop Report.**

WASHINGTON, May 10.—The crop report of the Department of Agriculture makes a reduction of one point in wheat, the average being eighty.

**LOCAL INTELLIGENCE.**

**Judgment for Plaintiff.**

This morning Judge Bigelow rendered a verdict in the case of Hill vs. Stevenson, by which His Excellency is directed to pay plaintiff between \$900 and \$1,000.

**Brutalities are Cheap.**

Governor Gordon of Georgia protests that that State cannot afford to do away with the brutalities of the convict camps and establish a decent prison system, because it would cost at least \$150,000.

**Coroner Peers says the story of the**

flesh having been removed from the faces of the three men drowned in Washoe Lake was all a mistake; that with the exception of the peeling off of the skin from their faces, their bodies were intact.

**A Sure Cure for Piles.**

Itching Piles are known by moisture, like perspiration causing intense itching when warm. This form, as well as blind, bleeding and protruding, yield at once to Dr. Bosanko's Pile remedy, which acts directly on the parts affected, absorbs tumors, allays itching and effects a permanent cure. 50c. Druggists or mail; treatise free. Dr. Bosanko, Equia, O. Sold by S. J. Hodge-kinson.

**Bucklen's Arnica Salve.**

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, chapped hands, chilblains, corns and all skin eruptions, and positively cures piles or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Wm. Frazier.

**\$100 Reward.**

I am authorized to offer the above reward to any one who shall prove that the shares of the Union Building and Loan Association of Reno are not a profitable investment, or that the Association is unsound or unsafe in any particular. T. P. BRADSHAW, General Agent.

**To Stockmen and Ranchers.**

J. Westlake makes men's heavy French kip shoes last to order for \$5.00. Try a pair. Repairing neat and promptly done. 13

**ONLY A POSTAL CARD.**

With your name and address, mailed to the Swift Specific Co., Atlanta, Ga., is necessary to obtain an interesting treatise on the blood and the diseases incident to it.

**SSS**

**Skin Eruption Cured.**

One of my customers, a highly respected and influential citizen, but who is now absent from the city, has used Swift's Specific with excellent result. He says it cured him of a skin eruption that he had been tormented with for thirty years, and had restored the curative qualities of many other medicines.

## 5 O'CLOCK EDITION.

The Silver State says the GAZETTE is as mad as a dozen wet hens because we prodded that paper a little in answer to its editorial of "Where is Fitch?" No, neighbor, the GAZETTE is not angered at all. It is simply sorry to see so sensible a man as the venerable editor of the Silver State get off on a tangent and allow his prejudice to get away with his judgment on so important a question as silver is to the people of this State; and again, in trying to put Bartine in a hole on the caucus question, when he acted as any other honorable man would under the circumstances.

The Silver State reproduces part of an interview with Hon. Thomas Fitch that appeared in the GAZETTE a few days since, where Mr. Fitch said: "I am empowered by the National Silver Committee, as its Vice-President and as a member of the committee from this State, to call a State Convention of the friends of free coinage if it be deemed advisable to do so. If I find any general demand for such a convention I will issue such a call," and accuses us of being wholly bereft of reason. We were aware of what Mr. Fitch said, but took the ground that Senators Jones and Stewart and Congressman Barline know just as well now the true sentiment of our people as they would if a dozen Silver Conventions were held, and that it was the height of folly to call a convention at all, for there will be nothing made by it. If our representatives cannot express to Congress our feeling in the matter without calling the people together, at great expense, they had better be called home and men sent who can.

VON SCHMIDT has a communication in the Bulletin on his water scheme that is as weak as it is foolish, and is not worthy of any consideration whatever. He says:

The people along the Truckee will always have water, and I will assure them that the company will, if necessary, at very dry seasons, cut a channel from the company's second dam into the lake and lower it ten to fifteen feet if necessary. So far this portion of the case is explained.

Well, how kind in him to "cut a channel from the company's second dam into the lake and lower it fifteen feet;" but permit us to say that he will never be called upon to "cut a channel" anywhere on the Truckee river for any purpose whatever. San Francisco owes its prosperity to Nevada money, and Nevada money has built over half the city, and now if the boss water thief of the nineteenth century could have his way he would rob us of the water which all the laws of God and man have given us. No, Boss, you can't take the water of Lake Tahoe to San Francisco or anywhere else, and don't let it slip your mind. The fact is, Mr. Schmidt is hanging to a straw to get blood money out of the Spring Valley Water Works or the people of this State.

In a recent speech in the United States Senate Senator Dolph of Oregon said: "What can Congress do now to aid the farmers? I and all who believe general employment necessary to national prosperity say, 'Continue the protective system so as to maintain existing industries, bring others into existence, build up and strengthen the home market so as to consume at home more farm products, and bring the consumer and producer together, and thus save the cost of transportation.' I say, also, increase the duties upon all the products upon the farm that are imported into the United States, to enable our farmers as far as possible to produce them at home."

The following Cobden Club free trade squib from the Tuscarora Times carries further proof of the soundness of the Republicanism of that chameleona sheet: "Well, thank God, something is going to be done for the poor at last. McKinley's tariff bill proposes to take off the present ten per cent. duty on diamonds, which it places on the free list."

GERMANY will admit the American hog in consideration of a reduction of duty on German imports. The Bulletin says: "We do not care to pay too much for our whistle. We can do without Germany better than she can do without us."

### MISCELLANEOUS.

#### Steady Progress

Has characterized Hood's Sarsaparilla ever since it was placed before the public. Wherever introduced, its sales have grown from year to year, until now it is the most popular and most successful medicine offered. Any druggist will confirm this statement. The secret of this success lies in the fact that Hood's Sarsaparilla is a medicine of merit. It does actually accomplish all that is claimed for it, and when given a fair trial, is reasonably certain to be of benefit.

**Positive Statements.**  
 "Since Hood's Sarsaparilla has been in my hands for sale I have had frequent and unreserved testimonials in its favor. Although carrying this preparation for less than one year, my sales have been greater than of any similar preparation, and the testimonials in its favor are at once positive and personally noticeable." A. WAGNER, Healdsburg, Cal.

**Sells On Its Merits.**  
 "My boys say, 'Papa, why don't you buy more of Hood's Sarsaparilla at a time; we are always short.' It sells on its own merits." F. BART, Portland, Oregon; the oldest druggist in Oregon.

"N. B. Be sure to get only Hood's Sarsaparilla sold by druggists. It is six for \$5. Prepared by C. L. HOOD & CO., Apothecaries, Lowell, Mass.
